

## NPRONET kick-off event 3rd-4th July 2014

Thursday 3<sup>rd</sup> July

### Session 1

10.30

	Registration & Introduction
I1	Douglas Cossar (Croda) - Natural Product Strategy at Croda
I2	Maggie Smallwood (Biorenewables Development Centre) - Scale up of extraction and fractionation of natural products
I3	Trevor Francis (Byotrol) - Seeking natural anti-microbial materials to replace chemical biocides
A1	Andrew Mcewan - University of Aberdeen
A2	Luis Mur - Aberystwyth University
A3	Ifat Parveen Shah - Aberystwyth University
A4	Joanne Hothersall - University of Birmingham
A5	Marcus Dymond - University of Brighton

### Session 2

13.30

I4	Sohail Ali (Plymouth Marine Laboratory) - Natural products screening and the PML marine microbial culture collection
I5	Matthew Bycroft (Dr Reddy's) – “To be announced”
I6	Mike Dawson (Novacta Biosciences and Cantab Antiinfectives) -Natural products in Novacta Biosystems/Cantab Anti-infectives
I7	Pattanathu Rahman (TeeGene Biotech) – Biosurfactants: Green marketing tool for sustainability
I8	Jason Vincent (Syngenta) – “To be announced”
A6	Andy Bailey - University of Bristol
A7	Tom Simpson - University of Bristol
A8	Marisa Till - University of Bristol
A9	Chris Willis - University of Bristol
A10	Dominic Campopiano - University of Edinburgh

### Session 3

15.30

A11	Helen Hailes - UCL
A12	Roy Goodacre - University of Manchester
A13	Anil Day - University of Manchester
A14	Peter Leadlay - University of Cambridge
A15	Annabelle Murphy - University of Cambridge
A16	Alison Smith - University of Cambridge
A17	Cerith Jones - Cardiff University
A18	Joel Loveridge - Cardiff University
A19	Sean Bew - University of East Anglia
A20	A Ganesan - University of East Anglia
A21	Martin Michaelis - University of Kent
A22	Bernhard Rawlings - University of Leicester
	<b>Breakout session/ reconvene</b>

19.00

Dinner at Manchester Conference Centre (Cotton Room)

## NPRONET kick-off event 3rd-4th July 2014

Friday 4<sup>th</sup> July

Session 4 9.00	I9	Andrew Collis (GSK) - "To be announced"
	I10	Tom Crabbe (UCB) – UCB’s research challenges and how nature can help
	I11	Christopher Rayner (Keracol Limited) – Nature’s Chemistry for effective Consumer Products
	I12	Brian Rudd (BioSyntha) – An introduction to BioSyntha Technology
	I13	Nick Allenby (Demuris) – "To be announced"
	A23	Frederic Collin - John Innes Centre
	A24	Giulia Pergolizzi - John Innes Centre
	A25	Andrew Truman – John Innes Centre
	A26	Barrie Wilkinson - John Innes Centre
	A27	Jem Stach - University of Newcastle
	A28	Nikos Mavroudis - Northumbria University

Session 5 11.00	I14	Juliana Haggerty (National Biologics Manufacturing Centre) – From innovation to Commercialisation: The role of the National Biologics Manufacturing Centre
	I15	David Bailey (IOTA Pharmaceuticals) – High throughput screening at IOTA Pharmaceuticals
	I16	Lesley Sheehan (Isomerase) - "To be announced"
	I17	Steve Taylor (Celbius) – Sonication and Bioprocessing
	I18	Frank Koehn (Pfizer) – "Emerging Impact Areas for Natural Products in Pharma"
	A29	Greg Challis - University of Warwick
	A30	Christophe Corre - University of Warwick
	A31	Manuela Tosin - University of Warwick
	A32	Rainer Breitling - University of Manchester
	A33	Eriko Takano - University of Manchester
	A34	Jason Micklefield - University of Manchester

Session 6 13.30	A35	Alessandra Devoto - Royal Holloway University of London
	A36	Paul Hoskisson - University of Strathclyde
	A37	Iain Hunter - University of Strathclyde
	A38	Emma Laing - University of Surrey
	A39	Colin Smith - University of Surrey
	A40	Diane Kelly - Swansea University
	A41	Geertje van Keulen - Swansea University
	A42	Maggie Smith - University of York
		<b>Breakout session/ reconvene for discussion</b>
